THE COLLECTION: Opus

Opus incorporates a range of sophisticated aesthetic notes, with graceful curves that create a jewel-like refinement.

FEATURES

- Brass material is used for trim and valve component parts.
- The manufacturing process encompasses casting, turning, stamping, hand-fitting and hand polishing.
- Two distinctly different materials, metal and crystal, have been combined to create an elegant fitting.
- Eased curves and reflective forms carry the message of cleanliness and clarity.
- Available in 1.2gpm (4.5L/min) flow rate
