THE COLLECTION: Clayburn

At home in a restored farmhouse or modern beach cottage, these traditional sinks are updated to be practical and utilitarian. Made from very strong Fine Fireclay and glazed with an incredibly durable glaze, Clayburn sinks are extremely resistant to scratches and stains.

FEATURES

- Extremely hard, scratch resistant surface does not trap dirt or bacteria.
 - Glaze resists staining and is extremely durable. CASK50 is glazed on 3 sides only.
 - All Clayburn kitchen sinks with 3 1/2" drain can be used with garbage disposals or 3 1/2" kitchen drain (UNKS30), sold separately.
 - Due to dimensional variations of Fine Fire Clay, Clayburn sinks should be installed before templating for countertops.
